

COMPOST CONNECTOR

**WEDNESDAY AUGUST 24TH
10:00AM - 11:30AM PST**

Join us for a presentation by Zero Foodprint about their Compost Connector program, which helps agricultural producers get discounted compost! You'll learn about the funder and program requirements and receive a step by step demonstration on how to apply.

The RCD of Greater San Diego will also provide an update on our CDFA-funded Healthy Soils demonstration plot focused on compost application, and Solana Center will share about upcoming compost-related educational opportunities.
